PIRACHANNA MA SU

OBJECTIVE

I am looking for a challenging job with a rapidly growing organization that can provide me with a range of goals and job objectives within a contemporary and economical business setting.

PROJECTS

• Rank-Based Percentile GUI Calculator

Technologies: Python, Tkinter

- Developed a desktop application to calculate percentile based on rank and total number of candidates.
- Designed an interactive GUI using Tkinter for easy input and instant result display.
- Focused on usability and error handling to ensure accurate results.
